FOREWORD.....	ix
PREFACE.....	xii
ABOUT THE AUTHORS .....	xiv
<b>PART I FUNDAMENTALS .....</b>	<b>1</b>
Chapter 1   Forecasting: What And Why.....	3
Types of Forecast .....	4
Forecasting: Not Rocket Science.....	5
Chapter 2   Evolution in Forecasting.....	7
Perception About Forecasting.....	8
Market Dynamics.....	9
Forecasting Strategy.....	9
Process: From Silo to Collaboration.....	10
Data .....	12
Forecast Models.....	13
From Macro to Micro Forecasting.....	13
Placement of the Forecasting Function .....	14
Technological Advances .....	14
Career in Forecasting.....	16
Chapter 3   Fundamentals of Demand Forecasting And Supply Planning.....	18
Fundamentals of Demand Forecasting .....	18
Fundamentals of Supply Planning .....	23
Chapter 4   Demand Planning .....	26
Demand Management.....	26
Business Policies .....	33
Chapter 5   Point-of-Sale-Based Demand Planning.....	40
Syndicated Data vs. POS Data .....	40
Data Transmission.....	42
Why POS-Based Demand Planning? .....	43
Challenges with POS Data.....	46
Key Takeaways .....	48
Future of POS Data .....	49
<b>PART II THE FORECASTING PROCESS .....</b>	<b>53</b>
Chapter 6   The Process.....	55
What Forecasts are Required .....	57

---

	Forecast Horizon and Forecast Buckets.....	57
	Placement of the Forecasting Function .....	58
	One Number vs. Multiple Number Forecasts .....	59
	Forecasting Approach.....	60
	Monitoring and Revising Forecasts .....	62
Chapter 7	Silo to Consensus Forecasting.....	65
	Why Consensus Forecasting?.....	66
	Getting Started .....	67
	Ingredients of a Successful Consensus Forecasting Process.....	68
Chapter 8	The Sales and Operations Planning Process .....	72
	Objectives of an S&OP Process .....	73
	How the S&OP Process Works .....	75
	JohnsonDiversey: A Case Study.....	78
	Ingredients of a Successful S&OP Process .....	80
	Myths About S&OP .....	84
Chapter 9	Collaborative Planning, Forecasting and Replenishment.....	88
	Benefits of CPFR®.....	90
	How Does the CPFR® Process Work?.....	91
	Ingredients of a Successful CPFR® Process.....	97
	Arrow Electronics—A Case Study.....	100
	The Future of CPFR® .....	101
Chapter 10	Building Collaboration.....	105
	Support from the Top .....	105
	Develop Downstream Support .....	106
	Clearly Defined Roles.....	107
	Conflict Management Process in Place.....	107
	Create A Sense of Urgency.....	108
	Stay Focused .....	108
	A Case Study.....	108
PART III	DATA .....	111
Chapter 11	What You Need to Know About Data .....	113
	Data Streams.....	113
	Warehouse Withdrawal Data .....	115
	Things You Should Know About Data.....	115
Chapter 12	Data Analysis and Treatment.....	118
	What to Look for in the Data.....	118
	How to Treat Data.....	122

---

Chapter 13	How Much Data to Use in Forecasting.....	125
	Product Life Cycle .....	125
	Model Requirement.....	126
	Forecast Horizon .....	126
	Ups and Downs in the Economy .....	126
	Ex Post Forecasts.....	127
	A Case Study.....	127
PART IV	MODELS AND MODELING.....	129
Chapter 14	Fundamentals of Models and Modeling.....	131
	Types of Models .....	131
	Models Used in Business .....	132
	Fundamentals of Modeling .....	133
PART V	TIME SERIES MODELS.....	139
Chapter 15	Averages.....	141
	Naïve .....	142
	Average Level Change .....	142
	Average Percentage Change .....	143
	Weighted Average Percentage Change .....	144
Chapter 16	Moving Averages.....	148
	Single Moving Averages .....	148
	Double Moving Averages .....	152
	Data Requirements .....	155
Chapter 17	Exponential Smoothing.....	157
	Single Exponential Smoothing.....	158
	Double Exponential Smoothing with Brown’s One Parameter ...	161
	Other Exponential Smoothing Models .....	165
	Sterling Iron Works—A Case Study .....	166
Chapter 18	Trend Line.....	169
	Preparing a Forecast Where Number of Observations is Odd.....	170
	Preparing a Forecast Where Number of Observations is Even .....	172
Chapter 19	Classical Decomposition.....	175
	Seasonal .....	176
	Trend.....	181
	Cyclical.....	183
	Preparing a Forecast .....	186

---

Chapter 20	Sales Ratios.....	189
	Average Sales Ratio .....	189
	Cumulative Average Sales Ratio .....	192
Chapter 21	Family Member Forecasting.....	196
	Methodology .....	197
PART VI	CAUSE-AND-EFFECT MODELS.....	201
Chapter 22	Simple Regression Models.....	203
	Where Cause-and-Effect Models are Used .....	203
	Regression Models.....	204
	Types of Regression Models .....	205
	Four Steps to Build a Model .....	206
	Assumptions of an Ordinary Least Squares Model.....	215
Chapter 23	Multiple Regression Models .....	219
	Building a Multiple Regression Model .....	220
	Dummy Variables.....	223
	Improving a Regression Model .....	226
	“What If” Scenarios.....	233
	Estimating the Elasticity.....	234
	Things to Keep in Mind .....	235
Chapter 24	Box-Jenkins.....	240
	Overview of ARIMA Models.....	241
	Modeling Approach.....	243
	Procter and Gamble: An Example.....	250
	Walmart: Another Example .....	257
	Things Your Should Know About ARIMA Modeling.....	261
Chapter 25	Neural Networks.....	264
	Basic Concepts of Neural Network.....	265
	The Hidden Layer of an ANN Model.....	265
	ANN Modeling Procedure .....	266
	ANN Terminology.....	270
	Concluding Remarks .....	270
PART VII	PERFORMANCE METRICS.....	273
Chapter 26	Performance Metrics.....	275
	Fundamentals of Forecasting Errors.....	275
	Performance Metrics .....	277

---

	Improving Forecasts.....	281
	Things to Keep in Mind .....	285
	How Much Progress Have We Made? .....	286
PART VIII	COMMUNICATING FORECASTS .....	291
Chapter 27	Reporting, Presenting, and Selling Forecasts.....	293
	Rules for Reporting, Presenting, and Selling Forecasts.....	293
	Reporting Forecasts .....	296
	Presenting Forecasts.....	298
	Selling Forecasts .....	300
	Learning From Real Life Experience.....	303
PART IX	WORST PRACTICES .....	309
Chapter 28	Worst Practices in Demand Planning and Forecasting.....	311
	Misunderstanding of the Basics .....	311
	Process Uses .....	313
	Types of Forecasts Used.....	316
	Model Selection .....	316
	Metrics Used for Performance Measurement .....	317
	Selecting and Using Forecasting Software/System.....	318
	Case Studies of Worst Practices and Their Solutions.....	319
PART X	FORECASTING SOFTWARE PACKAGES AND SYSTEMS.....	325
Chapter 29	Forecasting Software Packages .....	327
	Forecasting Packages: A Tool .....	328
	Selecting a Forecasting Package.....	328
	Lessons Learned .....	332
	Market Share of Forecasting Software Packages.....	333
Chapter 30	Forecasting Systems .....	335
	A System is Not a Process.....	335
	Before You Start Looking for a System .....	336
	Selecting a Forecasting System .....	336
	Importance of Corporate Data Warehouse.....	338
	How to Implement a System .....	339
	After Implementation.....	340
	Lessons Learned .....	341
	Market Share of Forecasting Systems.....	344

---

PART XI	THE FUTURE .....	347
Chapter 31	The Future of Demand Planning and Forecasting.....	349
	The Increasing Role of Collaboration .....	349
	Advances in Technology.....	350
	More Statistical Analysis and Less Judgment .....	351
	Use of On-line Data .....	352
GLOSSARY	.....	355
APPENDICES	.....	391
Appendix A	How to Compute Coefficient of Correlation and Standard Deviation with Microsoft Excel 2007 .....	393
Appendix B	How to Compute a Regression Model with Microsoft Excel 2007 .....	394
Appendix C	Student's t Distribution .....	395
Appendix D	F Distribution for F Test (5% Points for the Distribution of F).....	396
INDEX	.....	399
